THE HOG TAX.

"Yes, I'm the Assessor, mum;
I've just called to see
What you've got to be taxed
And what you've got to free.
Now, mum you're excited;
Well, I ain't to blame,
For collectin' these flagers
And listin' the same.
You've a horse, and a cow, mum;
Well, don't count the cow,
I don't want the earth, mum,
Nor want raise a row.
Here's a whole string of stuff, mum,
Miscellaneous and remarks,
I'll just throw 'em in, mum,
We Assessors ain't sharks.
That's all, mum. Oh! no I forgot,
Have you got any dogs?
No? Thanks, mum. Now say
If you've got any hogs?
What, nary a hog, mum?
Well, look at my shoes;
That "garbage" out there
And this stuff on my toes,
And tell me, on oath, mum—
Now be on your guard—
What the devil that was
I met in the yard?"

Rev. T. G. Bosley has arrived in this city and will preach in the M. E. Church this evening at seven o'clock.

SOME very artistic decorated pottery, the work of Miss Anna Poyntz Anderson, formerly of this city, is on exhibition at Phister's book store.

Rev. H. A. Tupper, of Harrodsburg, Ky., has arrived in the city and will preach in the Baptist Church, this evening, at 7 o'clock. Mr. Tupper has a fine reputation as a pulpit orator and our citizens would do well to go and hear him.

THE price of drayage in Maysville is fixed by a city ordinance. The draymen are allowed twenty cents a load for hauling anywhere on the streets, except to and from the Fifth Ward, when twenty-five cents a load may be charged. It is lawful to charge twenty-five cents, also, for hauling to and from the grade.

THE Street Car Company to accommodate school children residing in the extreme parts of the city, established the rate of fare for them at three cents, and issued tickets which are sold at thirty-five for one dollar. This privilege intended only for children attending school etc, has been greatly abused by grown persons, some of whom habitually deposit the child's ticket, and thus ride at less fare than they ought to pay. If the practice is not abandoned, the school tickets will be withdrawn, and this commendable privilege to school children hereafter withheld.

Wood Carving Class.

Miss Belle A. Leitch, of the Academy of Design at Cincinnati, who has consented to come Maysville and instruct a class in the beautiful art of carving, will arrive next Thursday evening and can be consulted on Friday at Mr. Frank Phister's where specimens of her work will be on exhibition. As we said in a former notice in this paper Miss Leitch is a favorite pupil of Mr. Benn. Pitman, who is conceded to be the best wood carver in America, and is thoroughly competent to teach the art. Her terms are very low and the hours of instruction will be made to suit the convenience of her pupils. All persons who wish to learn this art should see Miss Leitch on Friday or leave their names with Mr. Frank Phister, to be put upon the class list.

County Court Proceedings.

Robert Bedford was exonerated from the payment of tax on \$1,500 on lot in Chester.

Alfred L. Redmond was granted administration upon the goods, chattels, of Francis A. Berry, deceased, with Geo. W. Hord, and J. A. Beeth sureties. S. Valentine, James Ensor and C. C. Degnan appraisers.

An application to close a road was filed by Robert Hunter, publication of notice of same proven, and W. H. Durrett, Charles Downing and Ross P. Gault appointed viewers.

Wm. Downing resigned as overseer of roads in Washington precinct, and Jacob Slack was appointed in his stead. Edward Andrew Cox Harrison, a white minor four years of age, and without means, was apprenticed to William H. Smith.

John R. Burgess qualified as guardian of Julia E. Loyd, a non-resident minor, T. J. Pickett surety.

The following parties appeared and took oath and executed bond as coffee house keepers: P. Dugan, E. Lambden, Louis Schatzmann, Jacob Helmer, Chas. H. Walz, Louis Miller, Fred Schatzmann.

M. F. Marsh, Justice of the Peace, was granted authority to solemnize the rites of matrimony.

Tax Dodging.

THERE are some things regarding assessments of Maysville property for taxation that ought to be hauled out to public view. The way in which year after year the community has been wronged by tax dodgers would bring them to their senses if there is any public spirit among those who are thus wronged. That there is a vast amount of property in Maysville that does not bear its full share of the burden of taxation is not to be doubted. Go and examine the Assessor's books and then go and offer for some of the property, you will see there double and triple the amount at which it has been listed and find if it will be sold to you. It is also equally well known that men of small or moderate means pay in proportion to their property, the bulk of the tax assessments. They are bearing the burden while others are dodging it. This is something for the people to think about and we hope it may stimulate an inquiry into the matter that will result in making all tax dodgers list their property fairly and thus bring about a reduction in the present rate of taxation.

Frankfort Letter.

SPECIAL CORRESPONDENCE DAILY BULLETIN.
FRANKFORT, KY., Jan. 13, 1884.
The Senatorial contest is now heating and the indications are that Gen. Williams will be nominated, although Capt. Blackburn and Colonel Sweeney are equally confident. Business in both branches of the General Assembly is necessarily neglected and very little is being done except the passage of resolutions and local measures, but the general contour of the Legislature is good, and it is believed that as soon as the Senatorial skirmish is concluded, business will commence and be pushed right along faithfully and well.

The main business to be considered by this Legislature is the building of a branch penitentiary and the abolition of convict labor on the public works; the revision and improvement of the revenue system so that the proper revenue may be collected, and that collect of shall reach the treasury; and the improvement of the common school system. If these three questions are properly considered, acted upon, the Senatorial election, and the necessary local bills passed, and the Legislature adjourned in a hundred days, the representatives will have earned the welcome: "Well done, thou good and faithful servant."

In the Senatorial fight, by tracing the shadows carefully, I estimate that Gen. Williams will get on the first ballot fifty-seven votes, Mr. Blackburn forty-one, and Mr. Sweeney twenty-three, making a total of one hundred and twenty-one, necessary to a choice, sixty-one. In this estimate due allowance must be made for the uncertainty of human nature, and it is not more reliable in the Legislature than elsewhere. If either Sweeney or Blackburn are dropped Williams will have enough from either to nominate him in the caucus, and if the balloting is thrown in the open house, the Republicans (seventeen) will have a considerable voice. They will vote on the first ballot for Senator, John Bennett, of Madison County, and further than that "deponeth sayeth not."

Mr. Bruce, Senator from Mason and Lewis, is chairman of the committee on internal improvements. He is always in his seat and is regarded as a careful and reliable member. He is for T. L. Jones for Senator and against John S. Williams. Mr. Kehoe is chairman of committee on printing and a member of the State college and prison reform committees, the latter of which will be an important committee and will have a great deal of work for its consideration. He is for General Williams for Senator.

Thos. M. Green is here writing the "Ewan" letters to the Cincinnati Commercial Gazette. There are a great number of people here from all parts of the State, excepting Mason and Lewis counties, which might indicate that these people have full confidence in their respective representatives to discharge all business faithfully and well.

More About the Bar Action.

Editor Bulletin: Your correspondent "X," in his attack on "the young lawyer," yesterday, calls into requisition the often used argument that the bar are in favor of the proposed change in our Circuit Court. This has some appearance of truth, and, therefore, needs a full investigation. That some of the older members of the bar are in favor of this change is true. They have practice in other courts and want time to extend their practice still further, and it is to their interest, and certainly their right, to urge its passage; but no less the right of the young attorneys to oppose it with the same zeal.

But, to the point, I propose to give you the names of those who are not in favor of this change—and I speak advisedly from personal knowledge. In doing this I will name some who signed the petition of the "bar meeting," for only part of the bar had been notified, and many of these on the spur of the moment, so that they had no time to consider what was to be done, or to know who was for and who against, and, of course, there could be no effective opposition, and the measure carried. After others came in and the opposition began to find their strength, there was an attempt to get a motion to reconsider. This was forestalled before the motion could be made.

After the measure carried in this fashion the hue and cry was raised that all who participated in the meeting must sign the petition, and it was thus signed by those who voted against it and were opposed to it. One young lawyer spoke out that he was opposed to the bill and could not sign it, unless, because he had voted against it; yet they insisted and he signed it with vehement declaration of his opposition, uttered so loud that all could hear. This will give you some idea of the animus of that "bar meeting." Some who were not in the bar meeting signed because the paper was brought with so many names signed to it that it

seemed to reflect the will of the bar, and still others were signed by their partners, so much for this great "bar meeting" when the other side of the picture is turned. Those who are out and out disposed to any change in the terms of our courts are: Robt. A. Cochran, George R. Gill, W. P. Lawe, M. F. Marsh, Chas. D. Newell, James H. Sallee, Clarence L. Sallee, John L. Whitaker. Those who think it would be best to leave the courts as they are now arranged, lest we get them in a worse condition, and are opposed to the abolition of the January term are: G. W. Adair, Thos. A. Curran, L. W. Robertson, Emory Whitaker, John G. Hickman, esq., expresses himself thus: I expect we had better let the courts alone as they are, I don't know that we could get a better arrangement, and if we lose the time we now have we may not get it back again.

I state this to be the feeling of fourteen members of the bar, besides three members are not heard from on this subject, and I so put myself in print, if wrong to be corrected, and further give it as my opinion that partnership relations have determined other votes in favor of this change. What think you of the unanimity of the bar my reader? REPORTER.

There are forty-three registered bowling clubs for ladies in New York and eight in Brooklyn, four of the latter having connections with the young people's church societies, while there are any number of public places in New York where a private alley is reserved for lady patrons, writes a correspondent from the metropolis. The exercise is healthful in the extreme, bringing into play almost every muscle in the human anatomy, and, what is of seemingly greater importance, it has become fashionable. Some of the older clubs for ladies have adopted a very comfortable, natty uniform of navy blue flannel, very much like the lawn tennis costumes, save that the skirts are in the shape of very roomy pantaloons, the buttons of which are made to reach the shapely—most sensible dress, indeed. The "Evangeline" Club, largely made up of Murray Hill ladies gives fortnightly receptions at its elegantly fitted up alley, when gentlemen friends are admitted and invited to bowl.

Physicians recommend Willis' World Worm Candy because they know its contents are the best known remedies for worms and they rely on its effects. They prescribe it regularly for children who cannot take the usual nauseous compounds that have been used as vermifuges.

It is wise to provide against emergencies that are liable to arise in every family. A cold may be a dangerous thing or not, depending upon the means at hand to combat it. In sudden attacks of cold, croup, asthma, etc., Ayer's Cherry Pectoral will prove the quickest and most effective cure, and your best friend.

Prices Reduced.

In order to decrease our stock of staple and fancy goods down goes the profits. Our expenses less, therefore we can give panic prices. J. T. Kackley, successor to Morrison & Kackley, No. 27, East Second street, Maysville, Ky. Kackley, photographer, in same building. j10d15t

George Andrews, overseer in the Lowell Carpet Corporation, was, for over twenty years before his removal to Lowell, afflicted with salt rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by the use of Ayer's Sarsaparilla. See certificate in Ayer's Almanac for 1883.

The Sea of Oblivion

would long since have swallowed up Sozodent in common with so many forgotten tooth pastes and dentifrices, did not the experience of a whole nation prove that it possesses signal advantages. It thoroughly cleans the teeth, dissolving and removing their impurities; it revives their fading whiteness and strengthens their relaxing hold upon their sockets; it renders colorless, ulcerated gums hard and healthy; and besides neutralizing an unsavory breath, invests it with its own fragrance.

Who is the Prettiest Girls in America? Is a question that would perplex a congress of connoisseurs assembled to nominate the most beautiful. But such an assemblage would not be surprised to learn, that the most charming of their sex, on this side of the Atlantic, enhance the beauty and preserve the soundness of their teeth with Sozodent, since everybody knows, that the ladies prefer it to any and all dentifrices. Let no man say after this, that women lack judgment.

IN MEMORY OF IDA V. STICKLEY.

"Nath winter's cold and sultry sky,
The damp and clammy clay
Was piled all thick and wet and high
Where darling Ida lay.
And grief had hallowed low and deep,
A grave in our poor worn heart,
Whose clay was thrown all dark and deep
O'er buried love and light.
But softly, bright from Heaven's door,
A gleam of green falls down,
To robe in beauty fresh and pure,
Dear Ida's beauty mound.
And sweetly drawn by warm spring air
From Ida's green garbed tomb,
Fresh flowers breath in incense rare
And brightly blush and bloom."
